

About the Camp

The Central Seminole County Band Camp is comprised of the current middle school students in the surrounding area of Seminole County. This year's camp will be held at Winter Springs High School. There will be two groups of camps this year including:

1. **Current 6-8th grade students** (students with at least one year of middle school band experience).
2. **Jazz Band** (students who play a "jazz" instrument and are also involved in the current group)

The camp will be meeting for a total of 5 days. Each group will meet as a section to receive more individualized instruction and fundamental learning on their specific instrument as well as with the full band for music collaboration. The directors of each school will be helping to coach these sectionals as well as receiving help from high school volunteers from the surrounding high schools in the area.

All Campers receive a camp t-shirt!
